

YEAR 1 Parent Information Guide 2024

Welcome to Castle Cove for what we know will be an exciting year of learning. We especially welcome all Year 1 families and students who are new to our school, and hope that that you and your children have settled in well.

Contact Information

Year 1 Teachers

Roy Faulkner 1F roy.faulkner1@det.nsw.edu.au

Jennifer Boyd 1B (Monday) jennifer.e.boyd@det.nsw.edu.au

Stephanie Barbisan 1B (Tuesday - Friday) stephanie.crowley1@det.nsw.edu.au

Year 1 Team Leader

Stephanie Barbisan: - stephanie.crowley1@det.nsw.edu.au

Stages of Learning:

The 4 stages of learning in primary school are:

- EARLY STAGE 1- Kindergarten
- STAGE 1- Years 1 and 2
- STAGE 2- Years 3 and 4
- STAGE 3- Years 5 and 6

Learning areas include:

- English
- Mathematics
- Science and Technology
- Human Society and its Environment (HSIE) (History and Geography)
- Creative Arts
- Personal Development, Health and Physical Education (PDHPE)

General Organisation

Newsletters and Weekly Emails

Please read the school newsletter and weekly grade emails for all school information. Year 1 teachers will send out a weekly email each Monday afternoon. Occasionally P&C fundraising information will be sent out by P&C volunteers. However, information about school matters should only be communicated by the class teacher, the executive team or the school office.

Communication

If you have any concerns or wish to make an appointment for a meeting, please email class teachers directly. Any urgent matters can also be communicated to the office. Please note that our whole school staff meetings are scheduled on Monday mornings and Wednesday afternoons. Teachers are unavailable at these times.

Seesaw

Throughout the year some of your child's work will be posted on Seesaw for families to view at home.

Pick Up / Drop off Routines and Late Arrival / Early Departures

While Year 1 students are settling into school, their teachers will walk their class to Gate 6 to meet parents after school. If your child needs to meet you elsewhere, please ensure they are aware of from where they will be picked.

1. **Late arrivals** - parents please bring your child/ren to the school office to sign them in.
2. **Early departures** - parents please come to the office where staff will sign your child/ren out.

Notification of Absences

If for any reason, your child is unable to attend school, please do one of the following:

- email the office (Cc the teacher)
- phone the office
- lodge an absence on the parent portal

An explanation of any absence must be provided to the school within 7 days of that absence.

Fruit/Vegetable Break

Each morning, students will have a **small** fresh fruit or vegetable snack while they are learning. They will also be encouraged to use the bathroom at this time. Please do not pack fruit lollies or dried fruit to eat during this time.

Birthdays

If your child wishes to bring in a mini treat to share with the class, we recommend small, individually wrapped item such as ice blocks (the school's preference), small packets of popcorn, mini cupcakes or biscuits. Please be mindful of students with allergies. We are a nut aware school.

Library

Library will be taught by Ms Jacobs. Please make sure that your child has their library bag on the day their class will be visiting the library for their lesson and to borrow books.

Scripture and Ethics

Scripture (combined Protestant, Catholic, Jewish, Baha'i) and Ethics lessons take place each Wednesday. Students who are not attending a Scripture or Ethics group go to non-Scripture, where they will be supervised by a teacher.

Timetable and Routines for Year 1

Monday	Tuesday	Wednesday	Thursday	Friday
8:40 am <i>Staff Meeting</i>	Before School <i>Team Meeting</i>			
				9:25-11:25 am 1B Science 10:45-11:20 am Year 1 Sport
	11:50 – 12:30 pm 1B Library 12:30 – 1:10 pm 1F Library	12:00 – 12:30 pm K-2 Scripture & Ethics	11:50 – 1:10 pm SISA Stage 1 (even weeks)	11:50 – 12:30 pm 1B STEM 12:30 – 1:10 pm 1F STEM
<i>Assembly</i> (odd weeks)				2-3:25 pm 1F Science
		3.30pm <i>Staff Professional Development Meeting</i>		

School Reward System

Level 1 Class based and individualised reward systems	
	<p>Students are supported to exhibit positive behaviour aligned with the School Expectations and can receive rewards such as praise, house points, table points, class dojo points non-verbal actions (thumbs up), class money, marble jars, choice boards and class games.</p>
Level 2 Castle Cards	
	<p>Acquisition of Level 1 rewards may be used to redeem a Castle Card. Castle Cards are also awarded for effort and positive behaviour in the classroom and playground.</p>
Level 3 Merit Certificates and A-Day Awards	
	<p>Students trade 10 Castle Cards with their teacher for one Merit Certificate. Merit Certificates are also awarded at fortnightly assemblies for effort and positive behaviour in the classroom.</p> <p>A-Day awards are given at the end of each semester for two of the following themes:</p> <ul style="list-style-type: none"> ○ Citizenship ○ Attitude and Approach to Learning ○ Creativity ○ Academic Achievement and Excellence
Level 4 Bronze, Silver and Gold Awards	
	<p>Students trade 10 Merit Certificates or A-Day Awards at the office to receive a Bronze Award at a school assembly.</p> <p>When 10 more Merit or A-Day Awards are traded in, the student receives a Silver Award.</p> <p>When 10 more Merit or A-Day Awards are traded in, the student receives a Gold Award. The Gold Awards are awarded at the end of each term at the Gold Assembly. Students also receive a school patch and attend a morning tea with the principal and their families.</p>
Award Cycle Two	
	<p>Once a Gold Award has been awarded, the cycle starts again, and students are awarded with Bronze 2 Award, Silver 2 Award and Gold 2 Award. Each subsequent Gold Award is issued with a badge and students and families are invited to a celebratory morning tea with the principal.</p>

Homework

Castle Cove Public School have developed evidence-based homework tasks to provide strong support for student learning.

K-4 Homework

Homework in K-4 focuses on skills mastery. Home reading and rote learning of basic facts assist students master the basic skills required to successfully participate in literacy and numeracy-based tasks at school. The badge system, beginning in Year 1, allows students some choice in their learning as well as incentives and recognition for achievement. This approach, based on the recommendations of the NSW Quality Teaching Framework, encourages high student engagement and self-directed learning.

Year 1 Homework Requirements

Daily Home Reading (compulsory)

Maths Mastery Practice (compulsory)

Reading Eggs (optional)

Maths Seeds (optional)

In addition to these homework tasks, teachers may assign occasional additional tasks to support learning programs.

Reading- Decodable Readers, Class Library and School Library

A regular routine with daily reading where possible is proven to greatly benefit children's reading progress. In Kindergarten and Year One, students are encouraged to read aloud to an adult for at least 10 minutes daily. In Years 2-6, as they become more independent, students should read silently or aloud for a minimum of 20 minutes per each day.

Students will borrow and return 2-3 readers for the week every week. In addition, students should also borrow different types of books from the school library.

Decodable Readers

Decodable texts are texts specifically written for beginning readers as they are developing their blending and segmenting skills and their knowledge of the alphabetic code. Decodable texts contain a very large percentage of words that incorporate the letter-sound relationships that students are being explicitly taught in class. They increase with complexity as the student learns more of the phonetic code. In K-2, students read decodable texts at home, for home practice.

Some students in Years 3-6 may also take home some decodable readers, if an assessment has determined there are gaps in their phonic knowledge.

If your child brings home any decodable texts, please encourage them to read their decodable texts several times and work with them to complete any suggested activities that are recommended in the book.

Class library

Each week, your child will choose a book of interest from the class library to take home. These books are not levelled. The purpose of sending them home is to offer the opportunity for students to read a text they can access, across a range of topics, to encourage wide reading. Exposure to a range of different texts, about different topics, assists hugely in developing a child's background knowledge of the world. It also assists in developing a robust vocabulary, which helps with reading comprehension.

English

English teaching and learning programs focus on developing students' skills in:

- Oral language and communication
- Vocabulary
- Phonological awareness
- Print conventions
- Phonic knowledge
- Reading fluency
- Reading comprehension
- Creating written texts
- Spelling
- Handwriting
- Understanding and responding to literature

Mathematics

A student develops understanding and fluency in mathematics through:

- exploring and connecting mathematical concepts
- choosing and applying mathematical techniques to solve problems
- communicating their thinking and reasoning coherently and clearly

Mathematics K–10 outcomes and their related content are organised in:

Number and algebra	Measurement and space	Statistics and probability
<ul style="list-style-type: none">• representing whole numbers• combining and separating quantities• forming groups	<ul style="list-style-type: none">• geometric measure• 2D spatial structure• 3D spatial structure• non-spatial measure	<ul style="list-style-type: none">• data and chance

The working mathematical processes present in the Mathematics K–10 syllabus are:

- communicating
- understanding and fluency
- reasoning
- problem solving

Human Society and its Environment (HSIE)

Geography - Features of Places

Students will investigate the natural and human features of places. They will describe the reasons places change and identify the active role of citizens in the care of places. They will learn about how people describe the weather and seasons of places. Students will explore activities occurring in places and how the spaces within places can be used for different purposes.

History - Present and Past Family Life

Students will study present and past family life within the context of their own world. They will learn about similarities and differences in family and school life by comparing the present with the past. Students will begin to explore the links, and the changes that occur, over time and are introduced to the use of historical sources.

Personal Development, Health and Physical Education (PDHPE)

The Sports in Schools (SISA) team will be conducting fortnightly lessons to develop the students' fundamental movement skills and their ability to participate effectively in physical education. Please note that students are to wear full, regular school uniform (including black shoes) and not sports uniform on this day.

In Personal Development and Health, students will learn about safety, health, active lifestyles, growth and development and relationships. Our school utilises the UR Strong program for resources and strategies that support social and emotional development. A parent portal is also available.

Weekly sport lessons are held on Fridays. These focus on students' fundamental movement skills and sportsmanship. Students wear their sports uniform on Friday.

In Term 4, Year 1 will participate in a 2-week swimming program at Carlile Swimming Pool, Castle Cove.

Science and Technology

Science is taught by Priscilla Clarry. The science topics for Year 1 include:

Term 1- Sound

Term 2- Looking after Planet Earth

Term 3- Changes on the Land and in the Sky

Term 4- Watch it Grow

Students have access to iPads and laptops to use in the classroom. In addition, there are desktop computers available in all classrooms and computer lab. Students will develop their understanding of digital citizenship and how to be safe online. STEM and coding activities will form part of the technology focus.

Creative and Practical Arts (CAPA)

Students will be provided with many opportunities to engage in visual arts, dance, drama and music activities throughout the year. They will create different forms of art and will respond to different artistic forms throughout the year.

Kind Regards,

Jennifer Boyd, Stephanie Barbisan and Roy Faulkner
